Dear Valued Customer,

Thank you for calling us for your service needs. Your business is appreciated. Efficient, dependable service requires far more than just a technician, tools and parts. Quality service involves substantial investment of time, money and equipment. Unlike servicing a vehicle, we must travel to your door which involves truck mileage as well as the technician's travel time. Here are some of the items which contribute to superior service:

- ★ An experienced customer service representative to receive calls and get the facts.
- ★ A qualified dispatcher to relay calls to the nearest service technician and schedule stops for efficient operation.
- ★ A parts department with a large working inventory of back-up parts to eliminate costly delays in servicing your equipment.
- ★ Trucks with a large working inventory of parts plus expensive tools and test equipment for prompt repairs.
- ★ Trained service medics diagnose the problem quickly, make the repairs promptly and keep your costs reasonable.

We would appreciate hearing from you if you have any problems or suggestions.

Thank you for choosing us today!
